

QUASSATION

Meaning: Quassation refers to the act of annulling or invalidating a legal ruling or decision.

1. The legal team filed for a quassation of the previous ruling, citing numerous procedural errors.
2. In the wake of the quassation, many were left wondering how the case would proceed.
3. The court's decision to grant a quassation was unprecedented in recent years.
4. Following the quassation, the defendant's legal team prepared for a new trial.
5. The quassation of the original judgment brought relief to the plaintiffs after years of litigation.
