

QUIB

Meaning: To quib means to engage in a petty or trivial argument or debate, often focusing on minor details.

1. The team decided to quib over the details of the contract, ensuring every clause was carefully scrutinized.
2. During the meeting, they began to quib about the budget allocations, which led to a heated but productive discussion.
3. It's easy to quib about the minor issues, but we should focus on the bigger picture.
4. As they sat around the table, they couldn't help but quib about the new policy changes.
5. Rather than quibbing, they chose to collaborate on a solution that benefited everyone involved.
