

QUINTAN

Meaning: Quintan: a traditional medieval contest or physical challenge in which participants attempt to strike a target, often using lances.

1. The quintan was a challenging physical test for the young knights of the castle.
2. In the village festival, the quintan became the highlight as contestants aimed to knock down the target with their lances.
3. As the sun set, the sight of the quintan set up in the field added a festive atmosphere to the celebration.
4. The tradition of the quintan dates back centuries, drawing spectators from neighboring towns.
5. With each swing of his lance, the knight aimed to perfect his technique for the upcoming quintan competition.
