

# RAGERY

*Meaning: RAGERY (noun): a sudden, intense display of anger or fury.*

1. The sudden outburst of ragery took everyone by surprise during the otherwise peaceful meeting.
2. Her ragery was palpable as she vented her frustrations about the ongoing delays.
3. In moments of intense ragery, he often found it difficult to articulate his thoughts clearly.
4. The team's ragery after the loss was evident in their heated discussions in the locker room.
5. While ragery can be a natural response to frustration, it's important to find healthy outlets for those feelings.
