

RAPIER

Meaning: A rapier is a slender, sharply pointed sword designed for thrusting, typically used in fencing.

1. The fencer deftly brandished his rapier, demonstrating his skill with the elegant weapon.
2. In the hands of a master, a rapier can be both a tool of sport and a work of art.
3. During the duel, the protagonist relied on his quick reflexes and rapier to outmaneuver his opponent.
4. The rapier's slender blade was designed for precision thrusts rather than heavy slashes.
5. With a flourish, she unsheathed her rapier, ready to defend her honor against any challenger.
