

RATIFICATION

Meaning: Ratification is the formal approval or confirmation of a treaty, agreement, or decision by a governing body or authority.

1. The treaty's ratification was celebrated as a significant step toward global peace.
2. After months of negotiation, the ratification of the agreement finally took place.
3. The committee is responsible for reviewing the proposed amendments before ratification.
4. Public support played a crucial role in the ratification of the new constitution.
5. Ratification of the international accord marked a historic moment in diplomacy.
