

RECRIMINATOR

Meaning: Recriminate: a person who accuses or blames others in response to accusations or blame directed at them.

1. In the heated debate, she took on the role of the recriminator, pointing fingers at anyone who disagreed with her.
2. His tendency to be a recriminator during conflicts often escalated the situation rather than resolving it.
3. Instead of finding common ground, the discussion devolved into a blame game led by the most vocal recriminator in the group.
4. The recriminator's accusations only served to deepen the divide among the team members.
5. To foster a more collaborative environment, they decided to limit the influence of the recriminator in future meetings.
