

REGULATION

Meaning: Regulation refers to a rule or directive made and maintained by an authority to control or govern conduct, often aimed at ensuring safety or compliance in a specific area.

1. The new regulation requires all companies to reduce their carbon emissions by 20% over the next five years.
2. To ensure public safety, the government implemented strict regulations on food manufacturing processes.
3. Many experts argue that excessive regulation can stifle innovation and entrepreneurship in the tech industry.
4. The regulation aimed at improving water quality in local rivers has received widespread support from environmental groups.
5. After extensive debate, the committee agreed to revise the regulation to make it more flexible for small businesses.
