

REIMPORT

Meaning: Reimport refers to the act of bringing goods back into a country after they have been exported, often for reasons such as cost-effectiveness or regulatory compliance.

1. The company decided to reimport the luxury goods after realizing they were more cost-effective abroad.
2. Due to changes in trade regulations, we had to reimport several items that were previously exported.
3. Reimporting products can streamline inventory management and reduce overall costs for retailers.
4. After the embargo was lifted, many businesses rushed to reimport previously banned goods.
5. The logistics team developed a plan to reimport the necessary components for the assembly line.
