

RENTIER

Meaning: Rentier: a person or entity that derives income from property, investments, or other financial assets without actively engaging in productive work.

1. The rentier class has often been criticized for their reliance on passive income rather than active contribution to the economy.
2. In a rentier society, wealth distribution can become skewed, leading to social tensions and economic disparities.
3. Many economists argue that a growing rentier sector can stifle innovation and entrepreneurship in the marketplace.
4. As a rentier, she enjoyed the freedom to travel without the constraints of a traditional job.
5. The concept of the rentier has evolved over the years, reflecting changes in economic structures and social attitudes.
