

REPARTIMIENTO

Meaning: Repartimiento is a colonial labor system employed by the Spanish in the Americas, requiring indigenous people to perform forced labor for European settlers.

1. The repartimiento system was a labor system used during the Spanish colonization of the Americas.
2. In the context of colonial rule, repartimiento often led to the exploitation of indigenous populations.
3. Historians debate the economic impacts of repartimiento on local communities in the Andean region.
4. As a form of forced labor, repartimiento contributed to significant demographic changes in the colonies.
5. Critics of the repartimiento argue that it was a violation of human rights and dignity for the indigenous peoples.
