

# REPRINTER

*Meaning: REPRINTER: A company or individual that produces additional copies of printed materials, such as books or marketing materials, typically in response to demand.*

1. The publisher decided to use a reprinter to meet the growing demand for their bestselling novel.
2. After reviewing several options, the company chose a local reprinter to produce their marketing materials quickly.
3. The reprinter produced high-quality copies of the original artwork for the gallery's exhibition.
4. Due to unforeseen delays, the reprinter had to work overtime to ensure all copies were ready by the deadline.
5. Many authors prefer working with a reprinter that can provide both digital and physical formats of their manuscripts.
