

# RETALIATION

*Meaning: Retaliation is the act of responding to an injury or wrongdoing with a counteraction or vengeance.*

1. The government warned against retaliation after the recent cyberattack on its infrastructure.
2. She feared that his harsh words might lead to retaliation from her colleagues.
3. The community came together to support the victim, vowing not to let retaliation overshadow their unity.
4. Retaliation is often counterproductive, leading to a cycle of vengeance that never truly resolves the conflict.
5. In a surprising move, the company chose to address the issue diplomatically rather than resorting to retaliation.
