

RETRIAL

Meaning: Retrial: a legal proceeding in which a case is tried again in court, often due to new evidence or a prior trial's issues.

1. The judge ordered a retrial after new evidence emerged that could potentially exonerate the defendant.
2. During the retrial, the prosecution presented a stronger case that surprised many observers in the courtroom.
3. After the initial verdict was deemed unsafe, the defendant's lawyer requested a retrial to ensure a fair outcome.
4. The retrial attracted significant media attention, highlighting the complexities of the legal system.
5. Following the retrial, the jury reached a unanimous decision that ultimately altered the course of the defendant's life.
