

# REVIBRATE

*Meaning: Revibrate: to resonate or vibrate again, often in response to a stimulus, such as sound or movement.*

1. The sound waves from the concert began to revibrate in my chest long after the music ended.
2. As the earthquake struck, the building seemed to revibrate for what felt like an eternity.
3. The artist used bold colors to revibrate the emotions depicted in her latest painting.
4. After the speaker finished his powerful speech, the audience's applause seemed to revibrate through the hall.
5. The vibrations from the motor caused the entire structure to revibrate, leading to unexpected disturbances.
