

# RONDEL

*Meaning: A rondel is a fixed-verse poetic form characterized by a specific structure of repeated lines, or it can refer to a circular arrangement or grouping, often of flowers or other objects.*

1. The poet decided to experiment with the rondel form for her latest piece, embracing its musicality.
2. In the quiet of the garden, a rondel of flowers bloomed, each petal catching the light.
3. He found inspiration in the rondel's structure, weaving emotions into each repeating line.
4. The rondel, with its intricate rhyme scheme, challenged the writer to be both concise and expressive.
5. At the festival, a group of dancers performed a rondel of movements, celebrating the cycle of seasons.
