

RUNWAY

Meaning: Runway: a long, narrow surface for aircraft to take off and land, or a platform for models to display clothing during a fashion show.

1. The model gracefully strutted down the runway, captivating the audience with her confidence.
2. After a long delay, the plane finally taxied to the runway for takeoff.
3. Fashion designers often showcase their latest collections on the runway during prestigious events.
4. The airport's runway was temporarily closed for maintenance, causing delays for incoming flights.
5. She dreamed of becoming a top model, walking the runway in Paris one day.
