

RUSHLIGHT

Meaning: Rushlight: a simple candle made from a rush plant, typically used for illumination in low-light settings.

1. The flickering rushlight cast soft shadows across the dimly lit room.
2. In the early days, families often gathered around a rushlight to share stories after sunset.
3. She carefully adjusted the rushlight to ensure it illuminated the entire table during dinner.
4. The rushlight's warm glow created an inviting atmosphere for the evening's gathering.
5. As the wind howled outside, the small rushlight struggled to stay lit, adding to the cozy ambiance.
