

SADDUCIZE

Meaning: To sadducize means to simplify or make pragmatic a complex or abstract discussion, often by focusing on practical implications rather than theoretical or doctrinal issues.

1. The professor aimed to sadducize the debate by introducing a more pragmatic perspective.
2. In her quest for clarity, she decided to sadducize the dense theological discussion.
3. His tendency to sadducize often led to more grounded interpretations of complex texts.
4. By choosing to sadducize the arguments, the speaker made them more relatable to the audience.
5. The aim was to sadducize the traditional views, making them accessible to modern readers.
