

# SALARIED

*Meaning: Salaried refers to a type of employment where an individual is paid a fixed annual wage rather than an hourly rate, often accompanied by additional benefits and responsibilities.*

1. Salaried employees often receive benefits that hourly workers do not.
2. In many companies, salaried positions come with a higher level of responsibility.
3. She preferred a salaried job for the stability it offered over freelance work.
4. The salaried workers were expected to put in extra hours during peak seasons.
5. His transition from an hourly wage to a salaried position improved his financial security.
