

SANDPIPER

Meaning: A sandpiper is a small to medium-sized shorebird known for its long legs and slender body, often found along coastlines and wetlands, where it feeds on invertebrates.

1. The sandpiper danced along the shoreline, searching for tiny crustaceans to eat.
2. Birdwatchers flocked to the coast to catch a glimpse of the rare sandpiper migrating through the area.
3. With its long, slender beak, the sandpiper expertly probed the wet sand for hidden morsels.
4. As the sun set, the silhouette of a sandpiper against the orange sky created a picturesque scene.
5. In the cool morning air, the sandpiper's soft calls echoed across the beach, signaling the start of a new day.
