

SATANISM

Meaning: Satanism is a religious or philosophical belief system that venerates Satan or promotes individualism, often misunderstood as being linked to violence or criminality.

1. Satanism is often misunderstood and incorrectly associated with violence and criminal activity.
2. The rise of interest in Satanism during the 20th century sparked debates about religious freedom and expression.
3. Many people view Satanism as a philosophical belief system rather than a literal worship of evil.
4. Satanism can encompass a variety of practices and ideologies, ranging from theistic to atheistic interpretations.
5. The portrayal of Satanism in popular media frequently exaggerates its rituals and beliefs for dramatic effect.
