

SCANTLET

Meaning: Scantlet: a small or insufficient amount of something, particularly light or evidence.

1. The scantlet of sunlight that filtered through the trees created a beautiful pattern on the forest floor.
2. Despite the scantlet of evidence presented in court, the jury reached a unanimous decision.
3. She wore a scantlet of fabric that accentuated her figure without being overly revealing.
4. The artist used a scantlet of color in her painting to evoke a sense of nostalgia.
5. He received a scantlet of praise for his hard work, but it was enough to motivate him for future projects.
