

SCHIZO

Meaning: 'Schizo' is a colloquial and often derogatory term used to refer to a person with schizophrenia or to describe erratic behavior, sometimes employed in artistic contexts to provoke thought about mental health and identity.

1. The term 'schizo' is often used colloquially, but it can be derogatory when referring to someone with schizophrenia.
2. In their latest album, the artist explored themes of identity and mental health, even using the word 'schizo' in a provocative way.
3. The use of 'schizo' in popular culture can perpetuate stigma and misunderstandings about mental illness.
4. She felt misunderstood by her peers, who casually tossed around the term 'schizo' without considering its impact.
5. It's important to approach discussions about mental health with sensitivity and avoid using terms like 'schizo' flippantly.
