

SCIOLIST

Meaning: Sciolist: a person who pretends to be knowledgeable or is superficially informed about a subject, often expressing opinions without a deep understanding.

1. The sciolist confidently shared his opinions on the subject, despite knowing very little about it.
2. In discussions about art, it's frustrating to encounter a sciolist who dismisses complex ideas with simplistic arguments.
3. Her tendency to act like a sciolist often alienated her colleagues, who valued deeper understanding.
4. The sciolist's lack of thorough research became evident when he struggled to defend his claims.
5. While the sciolist may appear knowledgeable at first glance, a few probing questions reveal their superficial grasp of the topic.
