

SCREE

Meaning: Scree is a mass of small loose stones or rocky debris on a slope, often creating a hazardous surface or producing noise when disturbed.

1. The scree at the base of the mountain was a treacherous path for hikers.
2. As the boulders tumbled down the slope, they created a loud scree that echoed through the valley.
3. After the storm, the scree field was scattered with debris and loose rocks.
4. The sound of scree shifting underfoot made the climbers cautious as they ascended.
5. He looked out over the scree and wondered how many climbers had come before him.
