

SCREWING

Meaning: Screwing refers to the action of twisting or fastening something, such as a lid, in place, or the act of gathering one's resolve to take a bold action.

1. He was screwing the lid back onto the jar after finishing the last of the peanut butter.
2. Screwing up his courage, he finally asked her out on a date.
3. The technician is screwing the panel into place to ensure everything is secure.
4. She could hear the unmistakable sound of someone screwing something into the wall.
5. After screwing his eyes shut, he took a deep breath and opened them to face the challenge.
