

SCUTIPED

Meaning: Scutiped refers to an insect characterized by a flattened body and segmented, often scutiform (shield-like) shape, typically found in various habitats, including extreme environments.

1. The scutiped insect scurried across the forest floor, blending seamlessly with its surroundings.
2. Researchers discovered a new species of scutiped that thrives in extreme conditions.
3. In her studies of scutipeds, she noted their unique ability to regenerate lost limbs.
4. The vibrant patterns on the scutiped's shell fascinated the young entomologist.
5. Conservation efforts are crucial to protect the habitats of various scutiped species.
