SECTIONALISM

Meaning: Sectionalism is the allegiance to the interests and culture of a particular region, often leading to conflict or division between different areas, especially in the context of political or social issues.

1. Sectionalism played a significant role in the events leading up to the Civil War.

2. The rise of sectionalism in the early 19th century highlighted the growing divide between the North and South.

3. Political debates often reflected the intense sectionalism that characterized the nation's landscape at that time.

4. Many historians argue that sectionalism fueled regional loyalties that overshadowed national unity.

5. Efforts to address the issues of sectionalism ultimately led to compromises that were only temporary solutions.
