

SECULARISM

Meaning: Secularism is the principle of separating religion from governmental and educational institutions to ensure that laws and policies are made independently of religious influence.

1. Secularism promotes the separation of religion from political and educational institutions.
2. In a secularism-based society, laws are created without religious influence to ensure fairness for all.
3. The rise of secularism in many countries has sparked debates about the role of religion in public life.
4. Advocates of secularism argue that it fosters an environment where diverse beliefs can coexist peacefully.
5. Secularism is often seen as a cornerstone of modern democratic governance and human rights.
