

SECULARIZATION

Meaning: Secularization is the process of reducing the influence of religion in public life and separating religious institutions from governmental functions.

1. Secularization has led to a significant decline in church attendance across many Western countries.
2. The process of secularization often results in the separation of religious institutions from state affairs.
3. Many sociologists argue that secularization is a response to the increasing rationalization of society.
4. In recent years, secularization has sparked debates about the role of religion in public education.
5. The secularization of public life can create challenges for communities that are deeply rooted in religious traditions.
