

# SELF-PRAISE

*Meaning: Self-praise is the act of boasting about one's own accomplishments or qualities, often perceived as arrogance.*

1. Self-praise can often come off as arrogance rather than confidence.
2. In her speech, she avoided self-praise and instead focused on her team's achievements.
3. The artist's reluctance to engage in self-praise made her even more endearing to her fans.
4. Self-praise may boost your ego, but genuine humility is far more attractive.
5. He refrained from self-praise, letting his accomplishments speak for themselves.
