

SELF-STARTER

Meaning: A self-starter is an individual who is proactive and motivated to initiate tasks and work independently without needing external direction.

1. A self-starter is often the first person to arrive at the office and the last to leave.
2. Employers value self-starters because they require minimal supervision to achieve their goals.
3. Being a self-starter means you can take initiative and tackle challenges without waiting for direction.
4. Her self-starter attitude helped her launch the project ahead of schedule and under budget.
5. In a competitive job market, being a self-starter can set you apart from other candidates.
