

# SELF-WILLEDNESS

*Meaning: Self-willedness is the quality of being determined to do things one's own way, often in a stubborn or obstinate manner.*

1. Her self-willedness often led her to make decisions that alienated her friends.
2. The child's self-willedness was evident as he stubbornly insisted on tying his shoes by himself.
3. Despite the challenges, his self-willedness propelled him to pursue his dreams relentlessly.
4. The team struggled to find common ground due to the self-willedness of its leader.
5. While self-willedness can be a strength, it can also blind one to valuable advice from others.
