

# SEMIDIAPHANOUS

*Meaning: Semidiaphanous: partially transparent or translucent, allowing light to pass through while obscuring details behind it.*

1. The artist chose a semidiaphanous fabric for the gown, allowing subtle glimpses of the model's figure beneath.
2. As the sunlight filtered through the semidiaphanous curtains, the room was bathed in a soft, ethereal glow.
3. She admired the semidiaphanous veil that flowed delicately over her face, enhancing her bridal elegance.
4. In the late afternoon light, the semidiaphanous drapes created a dreamlike atmosphere in the tranquil garden.
5. The designer's use of semidiaphanous materials added an intriguing layer of complexity to the otherwise simple outfit.
