SERICEOUS

Meaning: Sericeous refers to having a silky or soft texture, often covered with fine, short hairs that give a glistening appearance, particularly in plants.

1. The sericeous leaves of the plant glistened in the sunlight, giving it a unique appearance.
2. In the botanical study, we noted the sericeous texture of the flower petals as a distinguishing characteristic.
3. The sericeous hairs on the stems help to reduce water loss by trapping moisture in the air.
4. Her discovery of a sericeous species in the region was celebrated by the local scientific community.
5. The sericeous covering on the caterpillar provided it with excellent camouflage against predators.
