

SERVER

Meaning: A server is a system or device that provides data or services to other computers or users, or a person who serves food and drinks in a restaurant.

1. The server crashed unexpectedly, causing a temporary disruption in our online services.
2. She ordered a delicious meal, and the server delivered it with a warm smile.
3. Our IT team is upgrading the server to improve the speed and reliability of our network.
4. He works as a server in a busy restaurant, juggling multiple tables during peak hours.
5. The cloud server allows us to access our files from anywhere in the world.
