

SEXUALIZE

Meaning: To sexualize means to portray or present someone or something in a manner that emphasizes sexual attributes or connotations, often leading to objectification or inappropriate associations.

1. Media often tends to sexualize women in advertisements, leading to unrealistic standards of beauty.
2. The discussion surrounding the sexualization of children in fashion has sparked significant controversy.
3. It's important to recognize how certain cultures may sexualize relationships differently than others.
4. Critics argue that the film's narrative sexualizes its young characters, overshadowing their personal growth.
5. The way social media platforms present influencers can often sexualize everyday activities, blurring the lines of normalcy.
