

SHEARD

Meaning: 'SHEARD' is the past tense of 'hear,' meaning to perceive sound through the ear.

1. She heard a faint whisper coming from the dark alley.
2. During the lecture, she heard an interesting perspective on the topic.
3. As she walked through the forest, she heard the rustling of leaves above her.
4. In the quiet of the library, she heard the clock ticking softly in the background.
5. When she finally arrived home, she heard her favorite song playing on the radio.
