

SHIELING

Meaning: A shieling is a temporary shelter or dwelling used by shepherds and their livestock, typically located in remote, highland areas for summer grazing.

1. The tourists stumbled upon an ancient shieling nestled among the rolling hills.
2. Each summer, the shepherd would take his flock to the high shieling for grazing.
3. In the twilight, the shieling looked ethereal, surrounded by misty mountains.
4. The children listened eagerly as their grandfather recounted tales of life in the shieling.
5. Restoration efforts have transformed the old shieling into a cozy retreat for hikers.
