

SHODDYISM

Meaning: Shoddyism refers to the practice of producing inferior quality goods or services, often at the expense of craftsmanship and consumer satisfaction.

1. The rise of shoddyism in the manufacturing sector has led to widespread consumer dissatisfaction.
2. Critics argue that shoddyism undermines the integrity of traditional craftsmanship.
3. Companies that prioritize profit over quality often fall victim to the pitfalls of shoddyism.
4. The persistent prevalence of shoddyism in online retail has prompted calls for stricter regulations.
5. Addressing shoddyism requires a collective effort to value quality over cost-cutting measures.
