

SHORELING

Meaning: Shoreling: a small creature or being that inhabits or frequents the shore, often characterized by playful behavior near the water's edge.

1. The shoreling frolicked along the water's edge, leaving tiny footprints in the sand.
2. As the sun set, the shoreling paused to admire the vibrant colors reflecting on the waves.
3. Visitors to the beach often delight in spotting a shoreling darting among the rocks.
4. The shoreling's playful antics brought smiles to everyone watching from the shore.
5. With its delicate form and agile movements, the shoreling seemed almost magical at twilight.
