

SHORT-DATED

Meaning: Short-dated refers to financial instruments or products that have a relatively near expiration or maturity date, often resulting in lower yields or requiring quick turnover.

1. The company decided to offer short-dated products at a discounted price to clear inventory.
2. Investors are often wary of short-dated bonds due to the lower yields compared to long-term options.
3. Short-dated items can be a great way to save money if you're willing to use them quickly.
4. The bakery specializes in short-dated pastries, ensuring customers enjoy fresh goods at lower prices.
5. She prefers to buy short-dated groceries, as they are usually marked down significantly.
