

# SIROC

*Meaning: Siroc: a hot, dry wind that blows from the desert, often bringing intense heat and aridity.*

1. The siroc winds swept across the desert, carrying with them the heat of the sun.
2. Travelers often seek shelter from the siroc, as its relentless warmth can be exhausting.
3. In some cultures, the siroc is feared for its ability to transform a pleasant day into a sweltering nightmare.
4. As night fell, the siroc subsided, leaving a stillness in the air that was almost eerie.
5. The siroc's dry gusts can be both a curse and a blessing for those living in arid regions.
