

SMOKEJACK

Meaning: Smokejack: A device or structure, often found in a chimney, that helps to draw smoke and gases out of a fireplace or stove.

1. The smokejack in the old chimney creaked as the wind whistled through the bricks.
2. After finishing the barbecue, he noticed the smokejack was clogged with soot.
3. The artisan restored the antique smokejack to its original condition, enhancing the home's character.
4. As the fire roared, the smokejack effectively drew out the acrid fumes from the room.
5. In some historic homes, the smokejack serves as a testament to the craftsmanship of a bygone era.
