

SNUFFLER

Meaning: A snuffler is a creature, often a small animal, that uses its sense of smell to explore and forage for food or objects in its environment.

1. The curious snuffler wandered through the garden, investigating every scent.
2. As the snuffler dug through the leaves, it uncovered a hidden treasure of acorns.
3. Children giggled as they watched the snuffler sniffing around the playground.
4. The detective took on the role of a snuffler, searching for clues left behind.
5. With its keen nose, the snuffler could detect even the faintest whiff of danger nearby.
