

SOOTINESS

Meaning: Sootiness refers to the quality or state of being covered or marked by soot, a black powdery residue produced by the incomplete combustion of organic matter.

1. The sootiness of the fireplace indicated it hadn't been cleaned in months.
2. After the fire, the sootiness clung to the walls, marring the beauty of the once-bright room.
3. Her hands were covered in the sootiness of the chimney, a testament to her hard work.
4. The artist used the sootiness of charcoal to create a dramatic contrast in her portrait.
5. Despite the sootiness that settled on everything, the warmth of the fire filled the room with comfort.
