

SOWN

Meaning: 'SOWN' refers to the past participle of 'sow,' meaning to have planted seeds in soil for growth.

1. The seeds were carefully sown in the garden to ensure a vibrant spring bloom.
2. After the rain, the farmer noticed that the crops he had sown were beginning to sprout.
3. In her journal, she often reflected on the dreams she had sown throughout her life.
4. The community came together to celebrate the fruits of their labor, knowing they had sown hope for the future.
5. With each story she told, she believed she had sown the seeds of change in the hearts of her listeners.
