

SPINNAKER

Meaning: A spinnaker is a large, triangular sail used on sailing boats, typically employed when sailing downwind to maximize speed and stability.

1. The bright red spinnaker billowed majestically as the yacht glided across the azure waters.
2. During the regatta, the crew expertly raised the spinnaker to catch the brisk afternoon breeze.
3. As the wind shifted, they quickly adjusted the spinnaker to maintain their lead in the race.
4. He admired the graceful way the spinnaker filled with air, creating a striking contrast against the blue sky.
5. The captain called for the spinnaker to be taken down as the storm clouds began to gather on the horizon.
