

SPIRITUALIZATION

Meaning: Spiritualization is the process of elevating one's consciousness and understanding to a higher, often more meaningful, spiritual state.

1. The process of spiritualization often involves a deep introspection and a quest for meaning.
2. Many believe that through spiritualization, one can transcend the material world and connect with a higher consciousness.
3. The spiritualization of daily activities can lead to a more profound appreciation of life's simple moments.
4. Her journey towards spiritualization transformed her perspective on relationships and personal fulfillment.
5. The community focused on the spiritualization of their practices to foster a more inclusive and compassionate environment.
